"The Best Insurance Companies rankings is meant to provide consumers with some guidance about which insurer is the best for their needs and budget," explains Nupur Gambhir, managing editor of Insure.com, "but because everyone's insurance needs are so unique, they should still shop around. By comparing cost and coverage from three to five insurers, consumers can find the best policy for their individual needs."

Gambhir is available to comment on this annual research and discuss how consumer preferences for insurance are evolving.
